THEZOVRODENOBREZA

III

Anjo do Ceo, à seu primeiro Rey Christo, no acto de seu Baptismo; que o Rey, & Reyno de Portugal, não só tem por Armas a Joia mais preciosa das diuinas, mas foy dada, & mandada tomar por diuiza, & Brazão de suas Armas por Christo Snor Nosso, ao primeiro Rey de Portugal, quando lhe deu o Reyno, dizendolhe (quando lhe fez, aquelle tam grande, & singular fauor dellhe apparecer no Ceo) *Ut cognoscant successores tui datorem Regni, Scutum tuum ex precio, quo ego humanum genus emi, Et ex eo quo ego à Sudaenis emptus sum.*

Emiriquelle tambem este Thesouro outras pecas, não de tanto valor, mas de grande Nobreza, que sam as Armas dos grandes do Reyno, com que o faz o mais Nobre, & precioso Thesouro de Armas, que nenhu Rey do Mundo tem. E mterra tambem emsy o Thesouro uarias, & diferentes Joias; este que he de Nobreza tem emsy uarias, & diferentes Armas, com que faz uentagem ao Thesouro material, porque aelle juntou muitas uezes a ventura as Riquezas; mas aelle auinculou o valor proprio a Nobreza de suas Armas, ganhandoas não por ventura, mas por efforço, com que obrarão marauilhas facanhas em seruicio de seus Reys, & Príncipes, com que se fizerão dignos de immortal memoria. **S**am os Escudos, & Brazões Ricas pecas, que os Nobres possuem como Thesouro de suas Nobrezas, pois sam Simaes euidentess dellas, & por elles sam conhecidos os que tñuerão mais quilates de fidelguia, & auantajados merecimentos de seruicos; mostrando as figuras dos Escudos, & Brazões as proezas de cada familia, & de seu primeiro ganhador, com que assegurou cada hñ eterna fama, sem Recoe de esquecimento, escreuendo, & debuxando nelles como em laminas de Bronze a ualencia de seus feitos, merecedores do título de Nobres, deixando hñ, & outra couza à seus descendentes, & aos mais virtuosos iuueia pera os imitarem, sendo a hñs, & a outros uiuo exemplo pera seruirem à seus Reys, & Príncipes, & aos que não tem elles Nobres Simaes, & diuizas de Armas, são estímulos pera se fazerem merecedores de semelhante gloria, que os Reys justamente lhes deuem conceder, em satisfacão de seus bons seruicos obrados em actos de guerra, ou de pax, que são dignos de tanto honroso premio, & galardão, como he ter Brazão de Armas em demonstracão, & Signal de Nobreza, como a nosso intento o disse elegante mente o nosso poeta portuguez Ozorio. *Nam cum aliquis operam egregiam in bello prastitisset, erat illi ab*

Lib. 1. Reg. cap.
27.

Imperatore comessum ut nobilis haberetur et insigne virtutis gestaret aliquid: per quod nobilitaret genus suum et ad similis facti memoriam excitaret. Alii igitur tot Castella de picta gestant, quos illi genus pugnamus ceperunt. Alii Circulos aut quicvis aliud pro numero hostium, quos in praelio aliquo durissima interfecerunt. Alii ut fortasse ostenderent se suam patriae rebus afflictis attulisse, stelis scuta distinxerunt. Alii denique alia assumpserunt, quibus Virtutis suae memoriam proderent.

Pella honrra, Nobreza, & pella conseruacão della, se deuem soffrer duras traballhas, & pera a conseguir pór aos maiores perigos; affy o foy David, q pella conseruacão da honrra de seu Reyno, & pera alcançar Nobreza, que el Rey Saul prometia, se pos ao euidente perigo da vida, desprezando as ameaças do Gigante, que parecia querer destruir todo o Reyno de Israel, & sahio com elle a desafio, desanimando o mesmo Saul, dizendo-lhe, que não podia ter iguaes ^{forças} como aquelle inimigo, pera contender com elle; mas David excitado da honrra de seu Reyno & do premio prometido de Nobreza, aceitou o Duelo, & uencendo ao Gigante alcançou delle gloriosa victoria, como lhe cantarão as Donzellas de Ierusalem, que seruião de jurem ao Rey. **Affy a** aquellas, que se poem a dilatarem, & desenderem a honrra de seus Reynos, & patrias, não temem perigos com a esperança da honrra, & Nobreza, que lhes he diuido, affy, & a seus vindouros. **Bem tem isto mostrado os nossos** valerosos portuguezes, pois em todo o Mundo derão conhecimento do esforço de seus Braços, com que merecerão Brazoões, & Trophéos de Nobreza, que deixarão a seus descendentes, & juntamente exemplo pera seguirem seus pacos com semelhantes proezas.

Estavaõ na Torre de David granados muytos Escudos, & Armas dos fortes Capitaes de Israel, com que seruião a Deos desfendendo a ley, & com que pelejarião pella honrra de seu Reyno. **Tambem neste Livro,** ou Theouro el hão pintados os Brazoões, Escudos, & Armas dos esforçados Capitaes de Portugal, que ainda merecem maiores louvores, que aquelles, pois elles pelejarião pella ley escripta, & estes nossos pella ley Evangelica, q lhe faz ^{ta} vantagem, leuando juntamente com o Sagrado Evangelho a honrra de seu Rey, dilatando seu Imperio por todas as quatro partes do Mundo, até onde mais não podião chegar as maiores forças humanas, desprezando todos os perigos, não temendo abraueza dos Mares, & arrojando suas Espadas contra as mais

Remotas Nasções, que ajudados do favor do Ceo, uencerão; fazendo-se cada hum
delles merecedor de alcançar o prº lugar de Nobreza.

Mouemê esta consideração, não tratar de antiguidade de lugares,
por uêr, que a cada hũ se deue o primeiro pello valor de seus feitos; mas comone-
te Livro tratei sòmente de pintar as Armas em seus Escudos, Braçoës, & Tin-
bres, auerigando a certeza dellas, com o que me pareceo se ajustaria mais com as
Regras do Nobre Officio, & ley de Armariã, não tratei de antiguidades de tempos,
por isso semo deueni queixar os fidalgos, & Nobres, que aqui tem suas Armas,
do lugar, que a cada hũ cohe, que soy dado assy como uinha à memoria, & não ao
discurso, porque este ditaua à todos a primazia do lugar de suas Armas. **E**n-
como Officiãl, que sou da Nobreza das Armas do Estado Real, que digna, &
justamente Rege, & gouerna o Serenissimo Principe Dom Pedro Nosso Snor,
a quem o Ceo dilate a vida, & descendencia, pera que nella se perpetue, agmen-
te, & conserve o Reyno de Portugal, fiz o Officio da justiça distributiva; dan-
do a cada Nobre as Armas que directamente são de sua linhagem, sem Amor, ne-
desamor, afeição, nem Odio, como sou obrigado por meu Officio, com o que
fiquo disculpado em tudo.

Se este Livro a primeira parte deste Nobiliario, in-
titulado Thesour de Nobreza do Reyno de Portugal, donde estão lançadas
como em Thesour, & se uem illuminadas com os Metaes, & Cores, que lhes per-
tencem as Armas dos grandes do Reyno, & de suas Nobres familias, apura-
das, & uerificadas com grande trabalho, & diligencia, & me persuado se de-
ue dár cada Nobre por tal feito com as que achar neste Livro de suas linhã-
gens, sem lhe ser necessario mais escriptação, pois ahiiz muyto grande, em
cada hum dos Escudos, & Braçoës das familias. **N**a outra primeira
parte escripta, que corresponde, & joga com esta, que tem tambem o
mesmo Titulo, em que se declarão por letra as Armas, como os Vocabulos, & Nomes pro-
prios da Armariã, cada familia, & Braço em seu Titulo, donde se uem suas anti-
guidades, Origens, & Solares, & se faz memoria de alguns Varoës mais illustres,
& antigos dellas, & que bem seruirão aos Snors Reys passados de Portugal, na
defensão, & augmento do Reyno, & suas Conquistas.

Achasse em hũ Thesour uariêdade de peças antigas, & modernas,

III
neste Livro como Thesouro de Nobreza, se achão variedade de Armas anti-
gas. **As Armas dos doze Tribus de Israel, com que saíram do**
Egypto pera a terra prometida por Deos Nosso Senhor, indo em ordem de
peleja; logo se vão seguindo outras mais modernas de muitos Reynos,
Reys, Príncipes, & Senhores do Mundo, até se entrar no Thesouro das
do Reyno de Portugal, donde estão as de suas Cidades, & as das Vil-
las mais principaes, que tem lugar, & Votto nos actos Reaes, & as das
Ordens militares, & Regulares, que hão no Reyno, & as de todos, &
cada hũ dos Reys delle, assim como dellas vzaão, & as das Raynhas
suas mothers, & seus filhos Príncipe, & Infantes, & tambem as de todos
os grandes, & Titulares de Portugal, que actual mente conservão seus
Titulos, & dignidades; & finalmente as de todas as famílias Nobres,
que tem Armas de Nobreza conhecidas, & achão assentadas nos li-
vros della; & as de algumas famílias, que aqui se não acharem pintadas,
he por não serem notoriamente conhecidas, & por não se acharem nos
livros antigos dos Reys de Armas; Destas se faz na primeira parte es-
cripta hũ Catalogo, donde por letra somente se declara, & nella mesma
se trata todo o tocante à Nobreza politica, & se declara as Regras de Armaria
mostrando por figuras cada couza, pera melhor ser entendida, & de todos
conhecidas. **Com tudo se à algum Sogeyto parecer não está a seu gosto,**
será pello melhor entender, & não por ter feito maiores diligencias, nem
ter mais experiencia de Anos deste estudo, & exercicio de Armaria;
porem não me podera tirar a gloria, que tenho de fazer este serviço ao
Reyno, & em particular à cada família em suas Armas, pois ajuntei a hũ
volume com grande trabalho, o que andava dividido com tanta incerteza;
& me servira de premio, o ser de algũ Nobres (que não pode ser de
todos) bem aceito, que nos desejos, que tive de acertar, & servir à todos
nesta parte, me foy suave o trabalho, & me dou por pago do premio, que
na aceitação espero. **E como Official da Nobreza das Armas, que**
sou a quem directamente toca examinar as Armas, & obviar seus
erros, se deve à este Livro dar toda fé, & Credito em todo o tempo
